- Dominance (D)
- Influence (I)
- Steadiness (S)
- Conscientiousness (C)

Each type represents a set of core traits that influence how individuals perceive the world, respond to challenges, and interact with others. Recognizing these building blocks is crucial for personal development, leadership, team building, and conflict resolution.

The Core Components of Personality in DISC

While the DISC model simplifies personality into four main types, each type is composed of several underlying building blocks or foundational traits that contribute to overall behavior.
